swerea | IVF

Box 104 Institute of the International Association for Research and Testing
SE-431 22 Mölndal in the Field of Textile Ecology

The company

ImseVimse AB

Regementsgatan 22

SE - 621 50 Visby, SWEDEN

is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our test report 15-25283-1

Tested for harmful substances
according to Oeko-Tex® Standard 100

SE 12-208

Swerea IVF

for the following articles:

Textile articles made of CO, PES, PES/PUR, PA, CV, EL, neoprene and their blends, white, dyed and printed. Including accessories; sewing and embroidery thread, piping, elastics, interlining, plastic buttons, lace, printed and woven labels, velcro, zippers. Baby Care: all-in-one diaper, textile diapers, diaper covers, diaper inserts, diaper bags, training pants, blankets, washable wipes, muslin squares, bibs, hooded towels. Woman Care: nursing pads, sanitary pads, cleansing pads. Swim Wear: swim diapers, sweaters, shorts, overalls, caps.

The results of the inspection made according to Oeko-Tex® Standard 100, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 31.10.2016

Mölndal, 02.12.2015
